

# Important Application Advice

Mondeo dual mass flywheel replacement					
Application	CC	BHP	Type	Engine	Date
Ford Mondeo Mk.3 - 2.0 TDDI & TDCI	1998	115	All	D6BA, HJBA, HJBB, HJBC	10/02 - 2007
Ford Mondeo Mk.3 - 2.0 TDDI & TDCI	1998	130	All	FMBA, N7BA	2000 - 2007

This clutch kit and flywheel have been specifically designed and manufactured to fit the applications listed above.  
This application has flywheel **timing lugs** which are only **5mm** wide.

*Earlier models with the 115 BHP engine are available under a different part number.  
The early models have **timing lugs** which are only **11mm** wide. They are not interchangeable.*

Engine Output can be located under the bonnet or by VRM lookup.
